Every animal has a future

Your much-loved animal home needs your support

Dear pet-owner,

By reading this letter, you can save hundreds of animals' lives.

We transform your donations into specialist aid so countless animals live long happy lives as pets, that would otherwise be lost, remain injured or die. This expert care is expensive, and **we have no other funding**.

We proudly support you, your friends and family, and the entire local community in owning cherished cats and dogs. Every year our rehabilitation work saves more than 800 animals from mistreatment.

Can you or your family imagine life without your pet?

What if every missing pet was never found?

Oldingham Cats & Dogs Home is the crucial link for well-loved pets to thrive with vitality and bring companionship to all. This is only possible with your donations.

A Moment at Oldingham Cats & Dogs Home

Again, a terrified, trembling kitten lies abandoned by a road. Starved and bruised, she has two broken legs and many wounds.

Gently transferred to the warmth of our recovery unit, she receives lifesaving medical aid. Within four weeks of our constant care, she

heals, moves and begins to trust. The patience and skill of our highly trained medical team is rewarded as this beautiful kitten flourishes into a healthy, affectionate and contented cat, ready to join a loving family.

Our yearly costs of £150,000 to run the home and rehabilitate animals like this can only be met thanks to the generosity of those that care and can donate.

High-quality Healing for Pets
